EXCELLING HEALTHCARE WITH EXPANDING TECHNOLOGIES

ABOUT US

We are Invision Pharma, a leading provider of private label nutraceutical and cosmetics solutions. Over two decades, we have established ourselves as a strong and reliable partner for businesses seeking to create their own unique product lines. We take pride in our state-of-the-art, well-equipped laboratory that enables us to develop cutting-edge formulations.

Our team of experienced technicians works closely with clients, providing personalised support and guidance throughout the product development journey. Our commitment to research and development is unwavering, and we leverage ethical technology to ensure our products meet the highest standards of quality, efficacy and safety. We believe in the power of innovation and collaboration, striving to remain at the forefront of the industry by constantly exploring new ingredients and technologies.

VISION

Invision Pharma Limited intends to become one of the world's most admired companies for its customers, doctors/associates and community in general.

Our focus on innovation, quality, customer centricity and commitment shall help us achieve this vision.

MISSION

Our mission is to fulfil mankind's quest for healthy, happy lives by providing quality medicines and nutraceuticals at affordable prices. To accomplish our mission, we affirm our values of integrity, customer focus, teamwork, leadership & quality.

OUR PRESENCE

IPL's export subsidiary was established in 2007 to augment the company's viability, adding a new dimension to both its operations and manufacturing prowess. We are a multifaceted company with a vision to improve the quality of life and well-being of patients around the globe by providing cost-effective high-quality pharmaceutical solutions. Our product portfolio includes Pharma Generics, Nutraceuticals, Cosmetics & Personal Care Products for emerging markets.

INFRASTRUCTURE

The production facilities operate in controlled & hygienic environment. All the equipments are periodically inspected for consistency of quality from batch to batch; all the processes are undertaken as per laid out standards. The Plant conforms to GMP norms and cGMP is followed at each stage of manufacturing. The quality control laboratories are equipped with latest infrastructure to ensure world class quality of medicines. We ensure compliance with international standards and our products pass through stringent tests, checked based on parameters such as longer shelf life, rational formulations, hygiene, purity, reactions with other medicines and Safety.

INNOVATIONS

IPL has been developing new formulations for years. The result has unveiled itself, making it the icon of quality formulation in India with an agenda to proliferate unique formulations, that enhances drug administration, patient comfort and compliance. IPL has set up centralised R&D Center and dedicated areas for F&D.
